Consistency Winners

Ed. In a surprise break with tradition, Rear Commodore Sailing Trevor Rabey announced at the presentations that it had been decided to democratically spread the winners trophies out a little wider amongst our sailors by disallowing the same skipper from winning both the championship and consistency series in the same fleet. The following classes saw the same skipper winning both series on

**outright points, so well done to these
skippers:**

Laser Radial - Jerome Toonen

Mirrors - Rolna Stoeger and Doug Pianta

Hartleys - John Gaunt

**The pictures below show the
presentations to our alternative winners in
the Laser Radials, Mirrors and Hartley
fleets. Congratulations to Bruce Lee in the
Sabres in winning the consistency series
on outright points and also to Ken
Patterson in the Laser Full Rigs.**

Trainees

Our graduating Trainees who were able to attend on the night

From L – R:

Ksenia Taylor, Anna Taylor, Duke Secco, Cameron Jones, Henry Foster, James Gauci, Kieran Condon and Morgan East with Commodore Steve Rose.

The whole training group deserves congratulations for their regular attendance and enthusiasm throughout the season.

Special recognition to Ksenia and Anna Taylor - Trainees of the Year for 2016/17.

Another special mention goes to James Gauci (shown above on the left along with Bob Jackson, Les Mack and Steve Rose). James was the first of the training group to purchase a boat (Laser). Our trainers taught him so well that he graduated to competition sailing within a few weeks of instruction! Well done James.
