Who is this blast from the past?

MYC AVON DESCENT STALL

The Club will be holding a stall at this year's Avon Descent on Sunday 6th August at Riverside Gardens, Bayswater. The stall will be open from 11am to around 5pm. Drop down and see the action!

VOLUNTEERS NEEDED

Do you have 60 – 90 minutes to spare to man the stall? It's an enjoyable way to promote the Club without doing much more than

talking to people. Please email mimi@neltronics.com.au or send a text to [0418105185](tel:0418105185) to let Mimi know what times suit you; eg 2pm to 3.30pm.

Thanks in advance!

NOTE - Winter sailing on Sunday 6th August has been moved to Sunday 13th August. Apologies for any inconvenience however the organisers of the Avon Descent were unable to accommodate our request to move their event!

NOTE - We propose to present a slide show of sailing photos and other activities at the Club. You may appear in some of these photos. These photos will not contain any sensitive information about any individual, however if you do not want any images of you or your family to be part of the slide show, please notify Mimi immediately.

EVENT DETAILS FROM THE MYC FACEBOOK PAGE:

Come and learn more about the Maylands Yacht Club at the finish line of the 2017 Avon Descent, at the City of Bayswater's Finish Line Family Fun Day on Sunday 6 August, 11am - 6pm at Riverside Gardens, Bayswater.

Nothing beats an exciting finish and you will get a chance to talk with members, and even get to see one of our yachts (on land!)! Join support crews and spectators to welcome competitors over the Finish

Line. Pack a picnic, or enjoy scrumptious food from an array of food vendors on site. Hope to see you there!

Enjoy a sensational free day out with entertainment for the whole family and live commentary will be on the loud speakers as competitors come over the Finish Line.

Hartley for Sale

Ossie Carter is selling his famous Hartley 16'. If you have ever wanted a Hartley 16' which is almost completely maintenance free this boat is for you. It is a dream to sail with little to no weather helm and lots of cockpit room. The boat is very competitive and performs extremely well on the breeze and reaching.

Constructed as a foam sandwich using an wooden boat as the mould. It comes with a hot dipped galvanised trailer with a dropped axle and extendible draw bar on 13" rims. This makes for an easy launch and retrieve; don't get your tow vehicles wheels wet.

This boat has NEVER been measured.
